**Re: Waste Licence Application for Huntstown Inert Waste Recovery
Facility, Huntstown Quarry, Finglas, Dublin 11
W0277-01**

Dear Sir/Madam,

The above Environmental Impact Statement was referred to Environmental Health Service on the 28th February 2011.

It is the opinion of the Environmental Health Service that the EIS for the abovementioned proposal addresses all of the below mentioned areas adequately based on the documentation received and therefore has no comments to make.

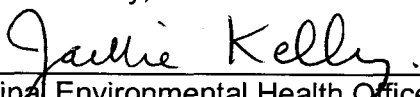

The assessment is based on an assessment of documentation submitted by the Environmental Protection Agency and received by this office on 9th March 2011. A site visit was conducted on 25th May 2011 with Mr. Derek Luby of SLR Consulting Ireland and Mr. Ciarán Greenan of Roadstone Wood Ltd.

We have reviewed the EIS under the following specific areas:

- Introduction and Description
- Non-technical summary
- Climate and Air Quality
- Noise
- Hydrology and hydrogeology
- Soil and Geology
- Human Beings

Please be advised that Environmental Health was not included at the Screening / Scoping stage of this application.

Yours Sincerely,

Principal Environmental Health Officer

All correspondence or any queries with regard to this letter, including acknowledgement of this letter, should be forwarded to Jackie Kelly, Principal Environmental Health Officer, Unit 13F Blanchardstown Corporate Park, Blanchardstown, Dublin 15.
