RE: Application for IPPC Licence Reg No P0936-01

**Applicant: Mr Brian Honeyman, C/O CLW Environmental Planners Ltd, The
Mews, 23 Farnham Street, Cavan, Co Cavan**

Dear Ms Buckley

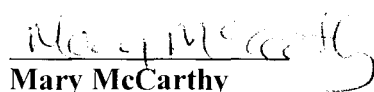

I refer to the above application and advise of Meath County Council's response as follows:

The application documents list a series of townlands in Meath where it is proposed that poultry manure from the proposed facility may be spread. There are no details provided of the landowners and there are no Nutrient Management Plans submitted with the application. The applicant has simply provided a list of townlands and the capacity of the lands therein to accept his waste materials.

In addition, the applicant has submitted a series of maps highlighting the general location of the spreadlands but has not given any indication that these lands are suitable or any details of existing Soil P conditions etc.

In the absence of an appropriate and comprehensive Nutrient Management Plan, Meath County Council cannot make a decision as to the likely impacts of spreading poultry manure on the lands in question. The applicant should be requested to submit further information in an effort to demonstrate an ability to spread poultry waste on lands in Meath without having an adverse effect on soils, surface waters or groundwaters.

Yours Sincerely

Mary McCarthy
Assistant Staff Officer
