Re; Proposed Toxic Facility at Hollywood, Nags Head, Naul  
Ref No. W 0129-03

Dear Sir,

We would like to make a submission regarding the above application. We have serious concerns with regard to the application on the following grounds :

- 1) Health risk caused by huge volumes of traffic, truck emissions and also trucks travelling on inadequate Nevitt/Hollywood Road carrying highly toxic and dangerous substances. This road is too narrow for such traffic and such a facility would require a designated road. This is a rural area where people walk and cycle, also horse riding is very popular. Farm animals have to be taken across the road for change of pasture. Our present infrastructure is certainly not capable of taking such a volume of traffic.
- 2) Bog of the Ring Acquifer at risk of contamination
- 3) No need for this facility as there is an existing landfill in close proximity to incinerator at Duleek with proper infrastructure to take the bottom ash. Surely this would be a better option - dump the ash where it is generated.
- 4) This facility will constitute a huge health & safety hazard to local children and elderly folk some of whom suffer from respiratory illnesses.
- 5) Planning process flawed - no proper local investigation carried out and the proposed new School at Hedgestown not taken into account. The proposed entrance to this school is on the traffic route.
- 6) We are living in a farming community - if this facility goes ahead livelihoods are in jeopardy due to risk of contamination in the food chain. North County Dublin is the home of vegetable growing. Also there are several local dairy farms within close proximity to the proposed facility - this was not taken into account in the planning/eis process.
- 7) Morally wrong to place such a facility in a location where it can cause so much damage, danger and hardship to families who have been resident in the area for generations.
- 8) We object to the use of tax payers money regarding this facility.

a) DEVALUATION of PROPERTY in locality forever.

We request that the application be rejected.

Yours faithfully,

John Lenehan    Brigid Lenehan.
