

SUB. NO. 28

~~Mr David Farrell~~

Hollywood

Ballyboughal

Co Dublin

To whom it may concern, I David Farrell object strongly to this hazardous waste disposal plant at Hollywood. This is a very peaceful part of north county Dublin with beautiful views of the surrounding countryside. I am living just a few yards from this quarry would go as far to say my property is on a cliff face, I couldn't be any closer to this proposed facility if this was to go ahead I hate to think how I'd be affected. My partner is asthmatic and hate to think how this will affect his health with all the dust that will come from the passing lorry's on the road. I am also concerned about all the other items I've listed below

1. Air pollution (dust ect)
2. Noise levels
3. Danger to the water supply as reservoir is right next to the site
4. Dirt and mud when weather is wet
5. My home is along the road side and will be destroyed by dust and dirt
6. Winds can be very severe here and hate to think what we will be breathing in
7. Harm to vegetable's and livestock in the area also the harm to the young children that's growing up in the area what will there future hold
8. My property will be worthless
9. Volume of trucks will be unreal
10. A lot of people walk on the roads around this area they will no longer be able to do this because of the amount of trucks that's going to be on the road
11. The peace and tranquillity of the area will be ruined forever
12. There should be an oral hearing
13. Monitoring of traffic and dust levels should be carried out from five roads to Hollywood
14. People will suffer severe health problems if this is to go ahead
15. The roads along this route are completely not suitable for the volume of traffic that will be using the road. And with the amount of trucks that's going to be on the road will be a complete nightmare
16. The beauty of this area will be lost forever
17. I feel very strongly about my objections of this hazardous waste facility
18. I'm also feeling very depressed about this situation as I've lived here all my life and now it's going to be ruined by the waste facility beside me

Yours sincerely

Kenneth Reilly
