Lusk,
Co. Dushin.

Dear Sir / Madam,

I am writing to express my disgust at the fact that Planning Permission has been granted to MEHL Ltd to build a waste facility at Hollywood, when Residents who have lived all their lives in the area cannot get Planning Permission to build homes on their own Land. It seems preposterous to think that an Environmental Protection Agency would ever consider granting permission to a facility which can only harm the environment. Due to its large amounts of underground Aquifers in this Area which provide drinking water to nearby Towns and local Residents we are heading for another disaster of "Galway Water" proportions. Why would bodies carrying TOXIC WASTE drive past an existing landfill
