Re: Application for a Waste License for a Hazardous Waste Landfill by Murphy Environmental Hollywood Ltd ("MEHL") to the Environmental Protection Agency ("EPA")

TO WHOM IT MAY CONCERN

I refer to the application for waste licence for hazardous landfill at Hollywood, Lusk and would like, for the record, to submit my objection and raise my concerns in relation to this application.

I live on Hollywood Road, Lusk the main thoroughfare for entry to the proposed site for the hazardous waste landfill, and from a health and safety perspective I would be very concerned for the safety of road users, walkers and cyclists in the immediate area from the inevitable traffic congestion on Hollywood Road should this licence be granted. The road is clearly unsuitable for such an increase in traffic (i.e. 500 HGVs per day). I have personally witnessed several HGVs overturning outside my home and this licence, if granted, would pose an even greater threat to residents with the danger of spillage and contamination of hazardous waste materials.

I myself suffer from asthma and am very concerned about the potential increase in air and dust pollution that would be generated as a direct result of this licence being granted.

Regards,

Aaron Howley
