Subject: IPPC License / Brandon Products Limited, Asdee, Co. Kerry.

A Chara,

In relation to this application for an IPPC License (P0957-01) I just wish to comment that there has been a history of odour nuisance (complaints from locals) related to this business.

I called out myself on one occasion to investigate the complaint but there was no odour that particular day. I am aware however that Kerry County Council (Environmental Section) carried out odour monitoring / investigations in accordance with EPA Guidance to find that the complaints were justified. I believe that the odours were intermittent and varied in intensities depending on the day / wind direction etc.

Secondly I wish to confirm that the relevant Health Board region is the HSE South, not HSE West as mentioned in the application form I observed in the EPA website.

Regards,

Donal Daly
Environmental Health Officer
