P0830-02 ippc review -- Bord Gais Eireann, Whitegate Power Station, Whitegate, Co.Cork

To Relevant Environment and Water Services Staff,

I am attaching copy of a letter received from the EPA on the 5th March last advising that they propose to review the above specified IPPC licence.

As indicated in their letter a copy of the review application is available on the EPA's website. The following is a link to the license P0830-02 on the EPA site. If you cannot view this link then access the documents via the **IPPC** section of the www.epa.ie

Any comments you may have in relation to the review should be forwarded as soon as possible to the EPA directly – however, you might cc any submission made to dosenvironment@corkcoco.ie

Water Services staff should of course seek guidance as necessary from the relevant specialists within this directorate.

Regards,

Donna McCarthy

Marie

This looks like a submission on the Bord Gais licence review. The comment seems to be in the body of the emails below rather than in the attachment (which is a copy of a letter issued by OCLR).

Caoimhin

Hi Gillian,

I have discussed the IPPC review for Bord Gais Eireann, Whitegate Power Station, Whitegate with Valerie Hannon and we would have no objection subject to the following condition:

1. The proposed 14 No. discharges to Cork Harbour from the Whitegate Power Station should not impact on the Discharge limits of Licence No. D0423-01 - Whitegate / Aghada Agglomeration.
