Re: Application by Wicklow Port Company for Dumping at Sea Permit

Dear Dr Higgins,

I wish to acknowledge receipt of your letter in connection with the above.

Under the directive, the competent authority, being the authority who determines if an EIA is required, is the consent authority. In this regard, the EPA would be the competent and consent authority and therefore we would not consider that the planning authority has a role in this matter.

Yours Sincerely,

Leonora Earls
Administrative Officer
Planning and Development
