Subject: Dublin Bay Dumping

To Whom it May Concern,

I would like to object to the granting of a dumping licence to Dublin City Council based on the following points

1. Ireland signed a treaty to ban all dumping at sea, ground up limestone is not a natural material allowed by this treaty.
2. The proposed dump site is an Special Area for conservation, can we please ensure that the area is indeed conserved and not turned into a dump.
3. DCC got planning permission to constructs an undersea tunnel. Part of the Planning dictated where and how the spoil was to be handled. This application is not in line with the Planning conditions. The DCC must return for a new Planning permission if the dumping of the spoil is to be at Sea. The EPA does not have the right to overturn the Planning permission conditions.

Yours sincerely,

Eva Allen
