E.P.A.  
Headquarters, P.O.Box,3000,  
Johnstown Castle Estate,  
Wexford.  
22ND November 2013.**

**REFERENCE REG No; P0035-06.**

**Dear Dorota.**

**I refer to your correspondence 15/11/2013, I wish to make a submission in relation to the forwarded objections lodged to this License application. You state that in accordance with Regulation 26(1) the Agency is (now) circulating objections to all other parties.**

**I note Rusal have responded and made reference to matters raised in both forwarded objections, it needs very clear clarification as to how Rusal were aware of the content matter of third party documents.**

**( I wish to make a very clear objection as to how they (Rusal) obtained this information, when as you state, it is in accordance with Regulation 26(1) after closing date of objections)**

**Having reviewed both the other objections. I am bemused to read the document(objection) from Rusal, 14<sup>th</sup> november 2013, they object to the Conditions & Schedules in the Proposed Determination.**

**I have reviewed to full Planning/License (applications) since Mid-Seventies, (including this objection,) there is very clear evidence from the outset Senior Legal advise/impediments were always to the forefront from Alcan, Aughinish Alumina, Rusal, as always they implied dictation as to how they wished the arising issue's (previous and present applications,) to be dealt with, they consistently argue state, agreed by the agency, always later and not in the public domain, they seem to have the ability to change and make the rules going along, as to what they see fit, in order to succeed with their terms and conditions, this in my opinion undermines and has undermined the Creditability and authorisation of the Planning/Licensing authorities in your organisation, the local authority (E.P.A), (Limerick County Council) the Local adjacent communnities, and the people at large.**

I make a submission and object to the Rusal (objection) on the grounds, as to what they describe having difficulty with the language, wording, confusion, (NOTIFICATION) (ENGAGEMENT) excessive, non transparency, (CONSEQUENCES) balance of conditions, they are again Dictating the terms and conditions of the License Register, they fail to recognise the concerns of the environment, the communities, also they are not clear in the defined closure/decommissioning of the existing Boilers/Chimneys.

Mr Jim Long.  
43 Ballinacurra Gardens,  
Limerick.

*Jim Long*
