Appeal Re: Construct gas terminal for the reception and separation of gas from the Corrib gas field and for a peat deposition site. Bellagelly South, Srahmore, Attavally, Bangor Erris, Co.Mayo.

Dear Sir/Madam,

I have been asked by An Bord Pleanála to refer to the request for an oral hearing of this appeal.

The Board has considered the request and in accordance with section 134(3) of the Planning and Development Act, 2000, it has decided to determine the appeal without an oral hearing.

The Board has absolute discretion to hold an oral hearing and generally holds one where this will help its understanding of a particularly complex case or where it considers that, in a case involving significant national or local issues, the written submissions need to be supplemented by an oral hearing of the issues.

However, in the instant appeal having regard to:

- a) the planning history in relation to this proposed gas terminal and,
- b) the amount of background information available arising from the previous extensive oral hearing (held in two parts) and,
- c) the information provided in the current application under appeal and in the EIS, the Board has concluded that the appeal can be dealt with fully through written procedures.

Processing of the appeal will now continue and you will be notified of the Board's decision as soon as it is made.

Yours faithfully,

Kieran Doherty

Dear Deputy,

I have been asked by An Bord Pleanála to refer to the request for an oral hearing of this appeal.

The Board has considered the request and in accordance with section 134(3) of the Planning and Development Act, 2000, it has decided to determine the appeal without an oral hearing.

The Board has absolute discretion to hold an oral hearing and generally holds one where this will help its understanding of a particularly complex case or where it considers that, in a case involving significant national or local issues, the written submissions need to be supplemented by an oral hearing of the issues.

However, in the instant appeal having regard to:

- a) the planning history in relation to this proposed gas terminal and,
- b) the amount of background information available arising from the previous extensive oral hearing (held in two parts) and,
- c) the information provided in the current application under appeal and in the EIS, the Board has concluded that the appeal can be dealt with fully through written procedures.

Processing of the appeal will now continue and you will be notified of the Board's decision as soon as it is made.

Appeal Re: Construct gas terminal for the reception and separation of gas from the Corrib gas field and for a peat deposition site.
Bellagelly South, Srahmore, Attavally, Bangor Erris, Co.Mayo.

Dear Sir,

I have been asked by An Bord Pleanála to refer to the request for an oral hearing of this appeal.

The Board has considered the request and in accordance with section 134(3) of the Planning and Development Act, 2000, it has decided to determine the appeal without an oral hearing.

The Board has absolute discretion to hold an oral hearing and generally holds one where this will help its understanding of a particularly complex case or where it considers that, in a case involving significant national or local issues, the written submissions need to be supplemented by an oral hearing of the issues.

However, in the instant appeal having regard to:

- a) the planning history in relation to this proposed gas terminal and,
- b) the amount of background information available arising from the previous extensive oral hearing (held in two parts) and,
- c) the information provided in the current application under appeal and in the EIS, the Board has concluded that the appeal can be dealt with fully through written procedures.

Processing of the appeal will now continue and you will be notified of the Board's decision as soon as it is made.

Yours faithfully,

Appeal Re: Construct gas terminal for the reception and separation of gas from the Corrib gas field and for a peat deposition site.
Bellagelly South, Srahmore, Attavally, Bangor Erris, Co.Mayo.

Dear Sir,

I have been asked by An Bord Pleanála to refer to the request for an oral hearing of this appeal.

The Board has considered the request and in accordance with section 134(3) of the Planning and Development Act, 2000, it has decided to determine the appeal without an oral hearing.

The Board has absolute discretion to hold an oral hearing and generally holds one where this will help its understanding of a particularly complex case or where it considers that, in a case involving significant national or local issues, the written submissions need to be supplemented by an oral hearing of the issues.

However, in the instant appeal having regard to:

- a) the planning history in relation to this proposed gas terminal and,
- b) the amount of background information available arising from the previous extensive oral hearing (held in two parts) and,
- c) the information provided in the current application under appeal and in the EIS, the Board has concluded that the appeal can be dealt with fully through written procedures.

Processing of the appeal will now continue and you will be notified of the Board's decision as soon as it is made.

Yours faithfully,

Appeal Re: Construct gas terminal for the reception and separation of gas from the Corrib gas field and for a peat deposition site.
Bellagelly South, Srahmore, Attavally, Bangor Erris, Co.Mayo.

Dear Sir,

I have been asked by An Bord Pleanála to refer to the request for an oral hearing of this appeal.

The Board has considered the request and in accordance with section 134(3) of the Planning and Development Act, 2000, it has decided to determine the appeal without an oral hearing.

The Board has absolute discretion to hold an oral hearing and generally holds one where this will help its understanding of a particularly complex case or where it considers that, in a case involving significant national or local issues, the written submissions need to be supplemented by an oral hearing of the issues.

However, in the instant appeal having regard to:

- a) the planning history in relation to this proposed gas terminal and,
- b) the amount of background information available arising from the previous extensive oral hearing (held in two parts) and,
- c) the information provided in the current application under appeal and in the EIS, the Board has concluded that the appeal can be dealt with fully through written procedures.

Processing of the appeal will now continue and you will be notified of the Board's decision as soon as it is made.

Yours faithfully,
