[illegible]

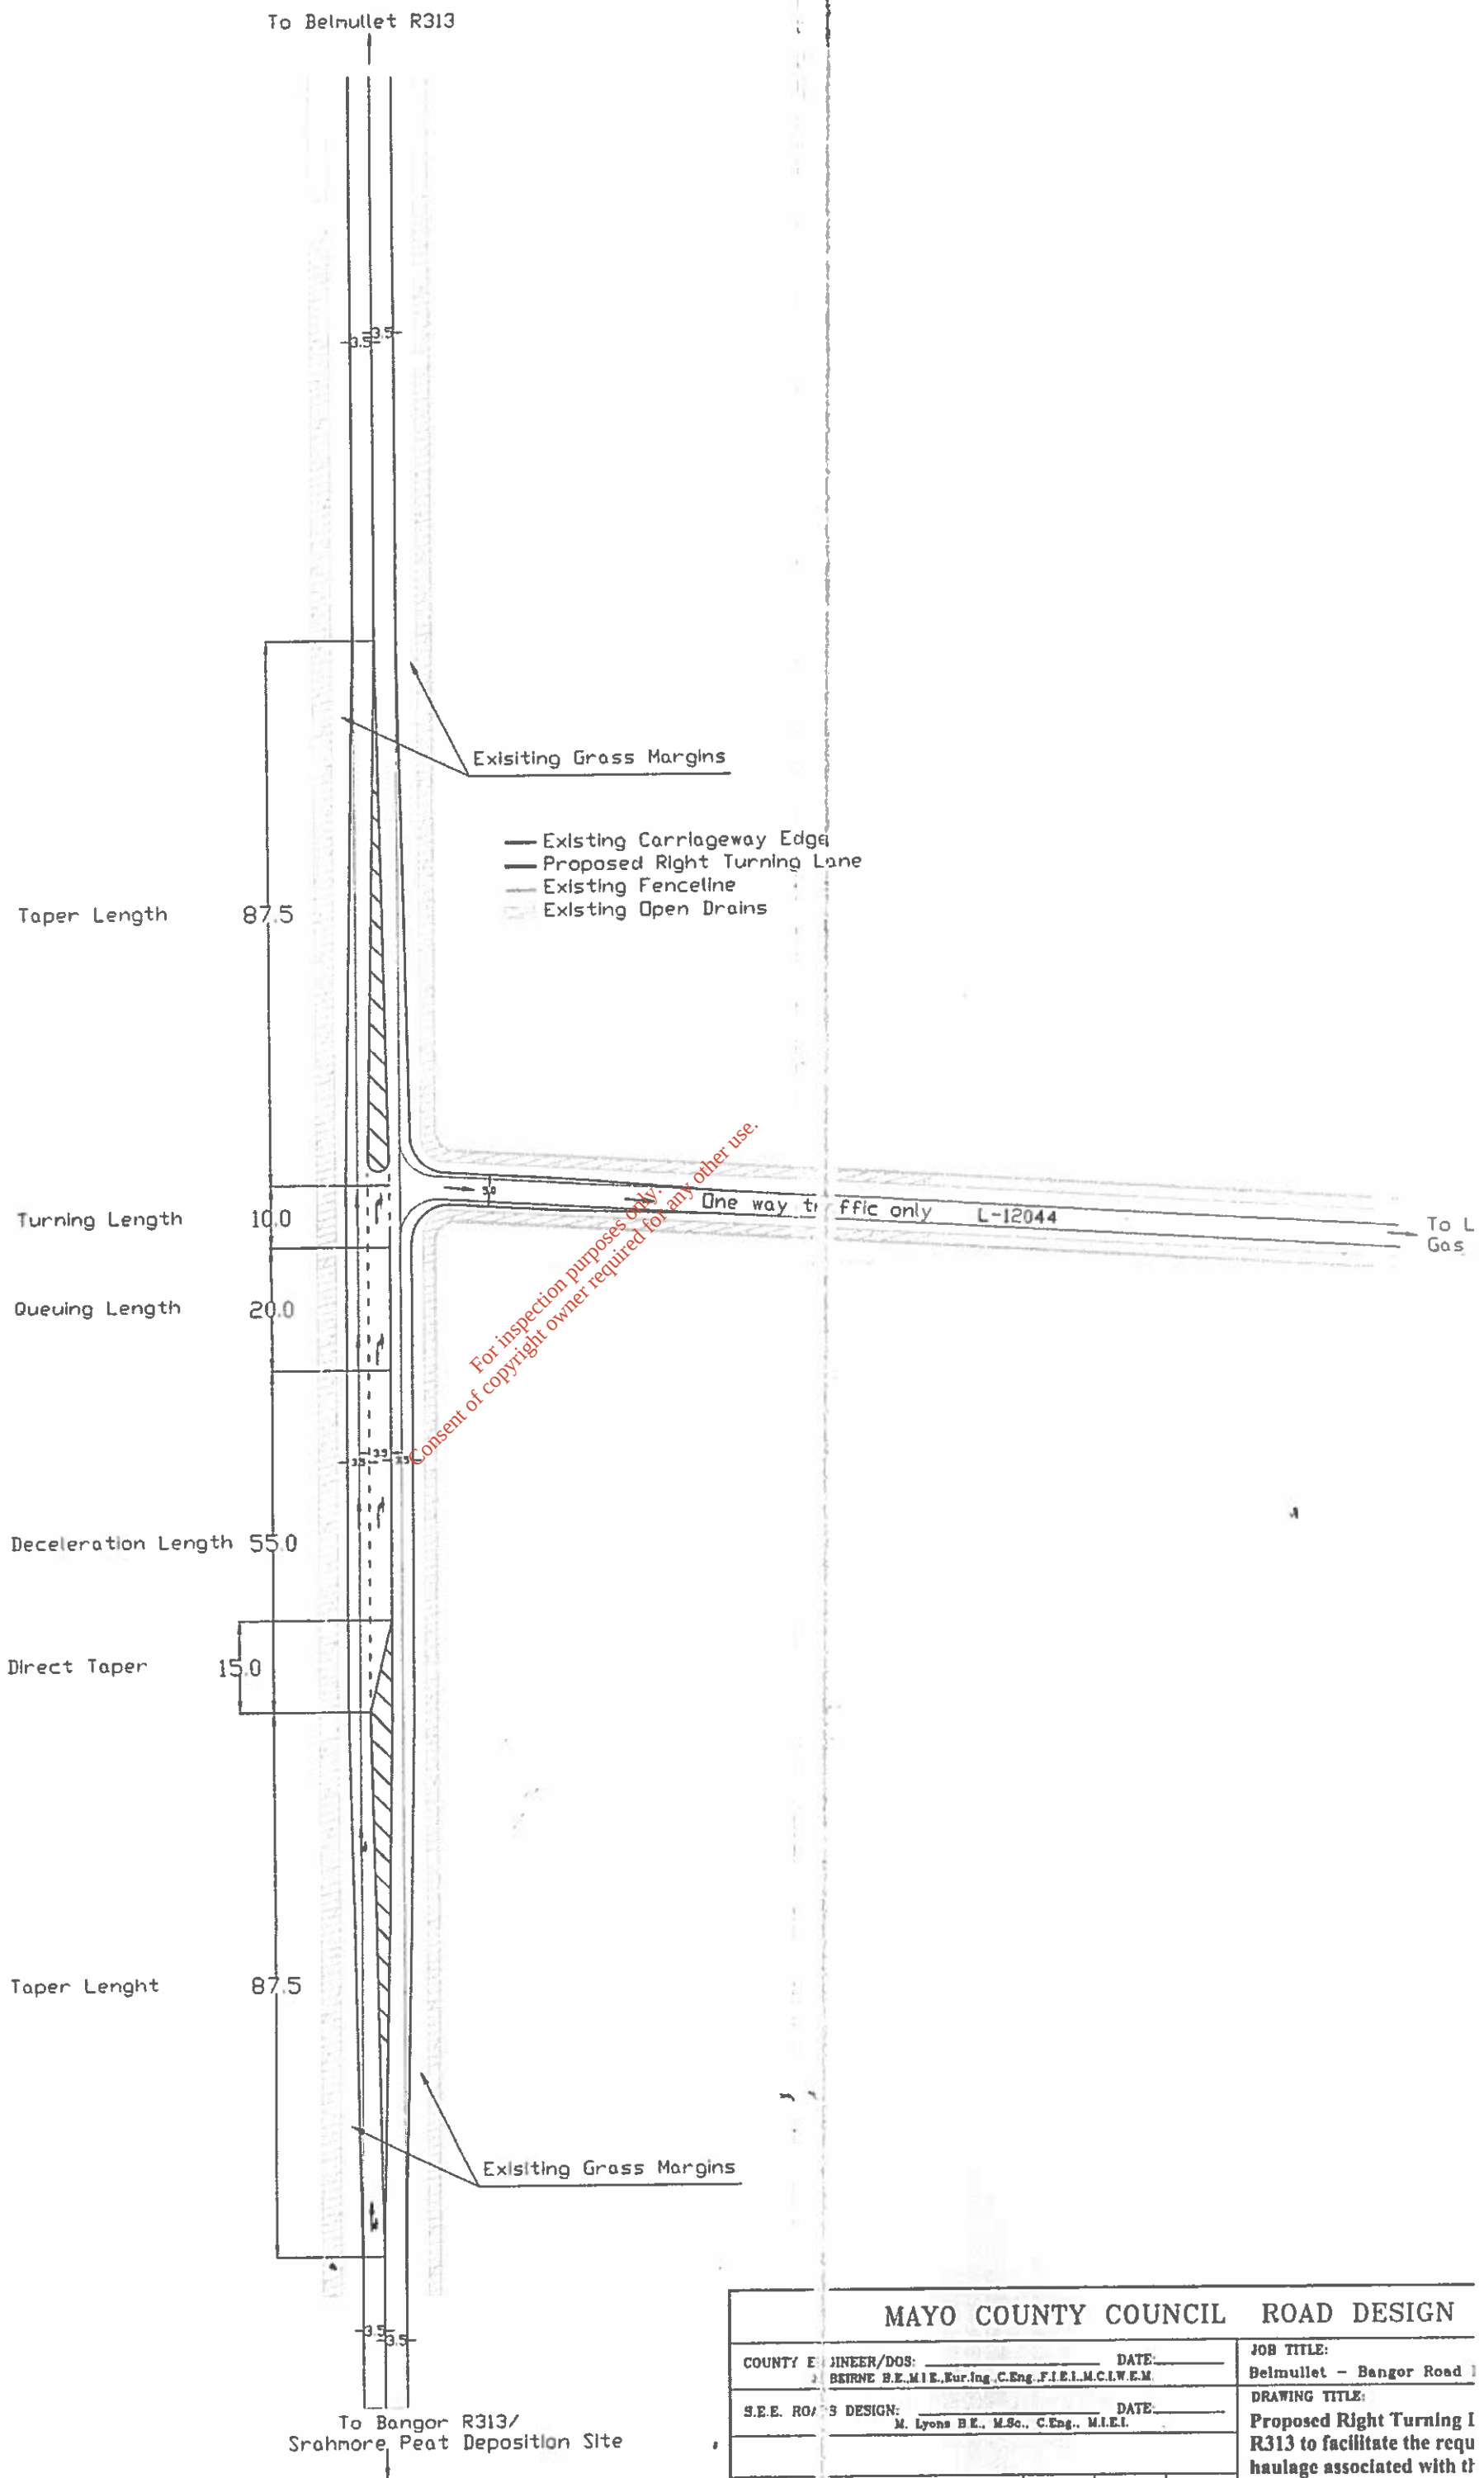

Full visibility shall be provided in the triangle ABC and ABD between a point 1.05m above the ground and 0.6m above the ground at B, C and D.
A is a point on the centreline of the access approach to the public road.
B is a point on the intersection of the centreline of the access approach
C & D are points on either
A) the near edge of the running lane or
B) the back edge of the hard shoulder where this is provided

The X distance relates to the type of development
The Y distance relates to the speed limit of the road
These access requirements are taking from the Mayo County Development Plan 2003, Section 4.11.4
