DIRECTOR - GENERAL'S
OFFICE
20 DEC 2004

15.12.04

To Dr. Mary Kelly,

I am writing to you to request information on the recent submission by Roadstone to the EPA for a waste removal licence for their lands in Blessington. In particular, I would like to know how far advanced the application is and when do you think it is likely to be granted.

As you can imagine, this is of great interest to the residents of Blessington and I would like to be kept up-to-date on all aspects of the process.

I am requesting this information as a resident of the area.

Yours sincerely
