Re: Mallow Contracts @ Mounreabbey Co. Cork Waste Licence W0266-01

Dear Sir/Madam,

Please find enclosed the HSE consultation report in relation to the above proposal.

If you have any queries regarding any of these reports, the initial contact is Ms. Bernadine Scanlan, Acting Principal Environmental Health Officer who will refer your query to the appropriate person.

The following HSE departments were made aware of the consultation request for the proposed development on the 16<sup>th</sup> June 2014.

- Emergency Planning – Peter Daly
- Assistant National Director for Health Protection – Kevin Kelleher / Marie Woods
- RDPI– Pat Healy
- Estates – Helen Maher, Estates Manager, Environmental Services

No such comments have been received and this report is the Environmental Health response to your statutory consultation.

- The assessment consisted of a study of documentation submitted to this office on the 17<sup>th</sup> of June 2014. A study of EPA guidance documents and a site visit was conducted on the 18<sup>th</sup> of July 2014. No additional investigations / measurements were undertaken. This report refers only to those sections of the documents which are relevant to the HSE.
- All commitments to future actions including mitigation and further testing have been taken as read and all data results have been accepted as accurate.

- We have made an observation under the following specific area:

Water

It was noted that sampling had been carried out on two wells in the vicinity of this project. Due to the fact that the vulnerability of the aquifer in this area is high further microbiological and chemical testing of the wells is recommended.

All correspondence or any queries with regard to this report including acknowledgement of this report should be forwarded to Ms. Bernadine Scanlan, A/PEHO, Environmental Health Department, St Joseph's Rd., Mallow, Co. Cork, (022) 44920.

Yours Sincerely,

  
Bernadine Scanlan  
Principal Environmental Health Officer
