Dear Ms Oglesby

I wrote on the 12-8-2014 re- the return of my money in regard to my submission P0035-06 review of Aughinish/Rusal licence. I have not heard anything back from the EPA, nor have I seen it on the EPA website under third party documents on Aughinish Alumina P0035-06. I have proof of postage of the 12-8-2014 letter, which I have enclosed again and I would appreciate a reply to same.

Yours Faithfully,

Pat Geoghegan

Dear Ms Oglesby

Having received confirmation from you on the 24th July 2014, that the Agency has granted the revised licence, I now wish to request that the sum of 120 euro's that I lodged with my submission against P0035-06 be returned to me immediately on the grounds laid out in my letter on the 25-6-2014, and especially Item 4 and 5 of the letter dated 6-6- 2014.

Re -Mr Neilus Kennedy of Aughinish/Rusal already knowing that they had their review granted following his public comments on the boilers going on line and how the EPA rushed through additional submission for Aughinish/Rusal before the end July deadline.

The EPA continues to make the EPA licence facility process a total joke and has taken the alleged maladministration in the EPA to a new level when it comes to this company following this latest decision.

Yours Faithfully,

Pat Geoghegan
