Re: Notification under Section 87(1E)(a) of the EPA Act 1992 as amended

A Chara

With reference to your correspondence of the 17th ult I wish to advise as follows:

1. The activity to which the licence application relates is permitted under planning application 13/50305 granted on the 03/6/2013 for renovation and extension to building for fish-meal processing and storage, mainly on the footprint of the existing plant, with an additional meal outloading bay for lorries and a seawater return pipeline along the Donegal Road connecting from the existing fishmeal plant to the east side of the landing pier (approx 1000m long), an environmental impact assessment has been prepared in respect of this application. This development is for the purpose of and in compliance with an activity requiring an integrated pollution prevention and control licence issued by the environmental protection agency.
2. This is the link to the relevant planning application on the Donegal County Council website where all documents connected with the application may be viewed
http://www.donegalcodb.ie/eplan/internetenquiry/rptViewApplicDetails.asp?validFileNum=1&app_num file=1350305
3. Donegal County Council have no further observations to make with regard to the licence application.

Mise le meas
