Re: Technical Amendment for IPPC Licence P0297-02

Dear Ms Hopkins,

I refer to your letter dated 21st May 2014 in relation to the above.

Further to your confirmation this afternoon that SE6 Manhole at Original Location A is now redundant and will remain so, I wish to confirm that the change in location of the trade effluent emission point to SE6 Current Location B, as outlined in your submission, is acceptable to Irish Water.

Please note that any queries in relation to Surface Water Emission to storm sewer should be directed to Kildare County Council.

In relation to your current FOG Licence and the effluent arising from the canteen in Building 1, please submit a request on www.water.ie for an application form for a review of your existing licence and submit to Irish Water upon completion.

If you have any further queries please do not hesitate to contact us.

Yours sincerely

Jerry Grant
Head of Asset Management
