**Re: EIA under Section 83(2A) of the EPA Act 1992, of the proposed gas processing activity to be carried out at a terminal at Bellanaboy, Co. Mayo, connected to the Mayo – Galway gas pipeline authorised by the Minister.**

Dear Ms Cope,

I refer to your letter dated 5<sup>th</sup> February 2015 in connection with the above. As requested, I have attached the relevant requested material in relation to the BGÉ downstream pipeline (Mayo to Galway gas pipeline) connecting the gas terminal at Bellanaboy to the Dublin to Galway gas pipeline.

I also attach a disk containing an electronic copy of this material. Unfortunately, we were unable to provide searchable PDF format as requested due to the age of the documents concerned. There is also one document on the disk which exceeds your 10MB size request. This document is the EIS Volume 2, which due to graphics, schematics etc. is unavoidably large.

If you require anything further, please don't hesitate to contact me at the number below.

Yours sincerely,

Orla Ryan  
Petroleum Affairs Division
