RE: Our clients: Monica Muller and Maura Harrington
Reg No: P0738-03

Dear Sir or Madam,

We refer to the above matter and to your letter of the 13th April enclosing a copy of the proposed determination and confirming that any objection may be received in the Agency on or before the 10th of May next.

We are instructed that the file in relation to this matter is considerable and runs to over 22,000 pages. We confirm that our clients are elderly individuals without recourse to professional experts who will be required to consider this documentation and prepare their objections without assistance.

Accordingly we are instructed that it is almost impossible for our clients to review, consider and assess the file and prepare their objections by the 10th of May next.

We are therefore writing to request that the Agency extend the time period by an additional 4 weeks. This process has been ongoing for some time and no prejudice can be caused in allowing additional time for the persons most affected by the making of this proposed determination to prepare responses thereto.

We look forward to hearing from you.

Yours faithfully,
