The EIA Directive states

In order to further the effectiveness of the provisions of this article, Member States shall ensure that practical information is made available to the public on access to administrative and judicial review procedures.";

Please advise.

Dear Mr Sweetman

In response to your query, as the above application is currently in assessment stage you may make a submission if you wish. In relation to how to take a judicial review on the AA screening Determination I advise that you seek legal advice.

Kind regards

Liz Leacy

Appendix 1

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations, 2011, S.I. No. 477 of 2011, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site. In this context, particular attention was paid to the European Site listed below.

Licence/Permit Application Details:

Reg. No.	P0956-01
Applicant Name:	Mr. John McCabe
Location of Installation	Brandrum, Monaghan, County Monaghan, Monaghan
Type of Consent Sought	IE licence
Licence Application Date:	8 August 2013
European Site(s) assessed	<ul style="list-style-type: none">• Slieve Beagh SPA (Site code 004167)• Killoosky Lough Cluster SAC (Site code 001786)
Date of AA Screening Determination:	26 June 2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of those sites as European Sites and that it can be excluded on the basis of objective scientific information, following screening under this Regulation, that the activity, individually or in combination with other plans or projects, will have a significant effect on a European site, and accordingly the Agency determined that an Appropriate Assessment of the activity is not required.

This determination is based on the nature and scale of the activity, the distance between the installation and the European Sites and the lack of direct pathways connecting the European sites to the installation.
