FAO Grainne Oglesby,

Hi Grainne,

I was speaking to your colleague Patrick this morning in relation to Clondrisk Pig Farm P0975-01, in Killucan, Co. Westmeath, owned by Sean Murphy.

Attached is a petition signed by many of the residents of Killucan/Raharney against the pig farm which Patrick has advised me to forward to you.

For the past 3 years the residents have been complaining to the Environment Section here in Westmeath County Council regarding the foul odour coming from the piggeries. Our staff have visited the pig farm (during office hours) and indeed Mr. Murphy has invited some of the residents from the area to inspect the pig farm when there hasn't been any smell. The residents are complaining that the fans go on early in the morning and in the evening, when the smell is chronic all through this area.

Mr. Joseph Reid from Joristown, Raharney was with me at Customer Service today complaining that last night he came home at 10.30pm and had to close all his windows but could still get the smell coming through the air vents in his home. He was woken at 3am and could not sleep for the rest of the night, the smell was so bad.

Please could you investigate this matter further as you are the licensing authority for the farm.

Mr. Reid's phone number [REDACTED]

Should you have any further queries regarding this matter, please do not hesitate to contact me

Kind Regards
