### Re: The Alexandra Basin Redevelopment (ABR) Project

A chara

On behalf of the Department of Arts, Heritage and the Gaeltacht, I refer to the communication(s) received in connection with the above-referenced case.

Outlined below are heritage-related observations/recommendations of the Department under the stated heading(s).

#### Nature Conservation

In relation to marine habitats and species it is recommended to the Competent Authority that the following mitigating measures be applied as conditions of consent:

1. All mitigating measures outlined in Section 3.4 and sub-headings of the supporting Natura Impact Statement must be implemented in full.
2. The MMO will keep a record of the monitoring using a MMO form location and effort (coastal works) (or similar) available from the National Parks & Wildlife Service (NPWS) and submit to the Competent Authority on completion of the works, as described in the NPWS guidance (2014).

You are requested to send any further correspondence to this Department's Development Applications Unit (DAU) at [manager.dau@ahg.gov.ie](mailto:manager.dau@ahg.gov.ie)

Le meas

Patricia O'Leary
