I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

It will be a disaster if this project is carried out ... there will be no going back. Surely some members of the Environmental PROTECTION Agency will have the foresight to oppose it. Experience tells us that mistakes have been made in the past; surely some of you have the guts to refuse the dumping of dredge waste.

|It would be wonderful if some of you show a bit of courage!

Yours sincerely,
