Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay. This is a high amenity area enjoyed by all Dublin people. It is also a very important wild life conservation area It is vital that this is recognised and that we do all we can to protect this area and to keep it as an area for recreation and conservation.

I live locally and I am very concerned about the negative consequences and dangers to health of dumping this quantity of dredge waste into the bay.

Yours sincerely,

Lorraine Shalvey
