I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

Myself and my young family use the Island multiple times a week be it for walking, cycling, the beach and in particular Golf.

I have grown up in clontarf on the doorstep of bull Island and want my own children to enjoy it for their lives as much as i have.

Dumping dredge waste will have future implications for all activities on the island and cant be suggested as a positive idea.

Yours sincerely,

Ray Byrne
