I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

We should be making our beaches cleaner and safer, not the opposite.

I live in Rush where the quality of water is appallingly low, which requires different actions altogether, but I use Dollymount regularly and wish to see it as clean as possible. Quality of beaches and water matters a lot for us kitesurfers.

Yours sincerely,

Monika Krecioch
