Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay. The redistribution of such a vast amount of sediment and dredge waste will have a disastrous effect on the epifauna of the bay and will negatively impact the protected wildlife species the bay is famous for. It will destroy the recreational area for locals and put people at risk from swimming in pollution.

Please do the right thing.

Yours sincerely,

David Murphy
