Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

Dublin bay with it's beaches and nature reserves is a magnificent amenity resource for the citizens of Dublin and the many visitors to the city and county. The desire of a single company to dump dredge waste should not be superior to the enjoyment of the amenities by citizens. I hope that you, the EPA, find against the company and protect 'the bay' against pollution.

Yours sincerely,

Michael O'Callaghan
