I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

Dublin Bay is a treasure to me, I love it for it's natural beauty and would be devastated if it was to become contaminated for industrial purposes. I beg you not to spoil my Dublin Bay, it belongs to us all.. We must act responsibly and do all in our power to protect it now and ensure that it remains protected in the future.

Thank you.

Yours sincerely,

Patricia O'Leary
