Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

I am a regular sea swimmer in Dublin Bay, I snorkle and dive in its waters and I most of all, have a deep love of the Bull Island as its a short walk from my home in Fairview. This area is one of the few places I can witness wildlife and nature in all its glory within the city.

How such an incredible resource enjoyed by so many Dublin citizens can be put at risk by this scheme is beyond belief.

I ask that the views an health of citizens are prioritised above commercial interests and that an alternative site is found for the waste.

Please protect our bay!

Yours sincerely,

Deirdre Sweeney
