Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

As an environmental science graduate, this proposal, if true, is absurd and completely unacceptable. We demand of our government a clean and safe environment. On the one hand, the government uses taxes to pay for Dublin Bay waste water treatment. It is unbelievable that with the other hand they would be considering polluting the bay by dumping this toxic waste.

Yours sincerely,

Maeve Long
