I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

i live locally and watersports in Dublin bay. i don't like getting sick from pollutants in the water . i don't like dirty beaches and seeing red flags banning swimming . Please enlighten the public by campagigns and awareness sessions re this dredging . if its harmful please stop it .

Yours sincerely,

henry barry
