Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay. I note that no notice was given to residents other than a newspaper ad. No consultation with residents either and it appears to be part of a long term campaign to ignore residents concerns about the protection of an valued amenity. No such proposal should be allowed to proceed before a proper environmental assessment is carried out and proper consultation and information issued to residents of Clontarf and affected areas.

Yours sincerely,

mairead O'Carroll
