Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

I live locally and view the bay and its environs as part of my home and community.

This is our only Unesco designated biosphere and I find it remarkable and incredibly disappointing and short sighted that such a course of action is being considered. This is a legacy we have a duty to protect for future generations - commercial considerations should not prevail in isolation.

Yours sincerely,

Ger Twomey
