Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay. It is not acceptable and will ruin the water quality in the bay. I am a member of the local kitesurfing community. I don't think this is fair to any of the public who use the area which is a world class facility. This will have a serious impact and needs to be reconsidered and handled correctly. I very much doubt you will foot the medical bill when I am sick from the water quality. I also doubt you have considered the welfare of the people and animals(birds in particular) with this disgusting proposal.

Yours sincerely,

Derek hughes
