I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay. Clontarf /Dollymount is where I grew up and I have always felt lucky to live beside such a unique place. For as long as I can remember there have been issues with Dublin Port and its handlers. Why would anyone take a chance dumping any kind of waste in or near the bay/Bull wall/Howth/Baily. Our beautiful UNESCO biosphere is in danger. Help the people to protect it and keep it for our future generations.

Yours sincerely,

Helen Doogue
