I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

I live in the beautiful area of clontarf and I don't want you to damage my part of the world, The Port company is as always acting in their own interest and in the interest of its shareholders without consideration for the people who live here. I don't know how many times we have had to stand up to these people.

No, no, no.

Yours sincerely,

Patricia Christie
