Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay. I live locally and Dublin Bay is part of my home. I am concerned about the negative effect this dredging will have on the organisms that make the Bay their home. As Ireland's only UNESCO biosphere the biodiversity in Dublin Bay must be protected. Please preserve it for my children and all the children of Ireland who should be able to enjoy its richness as generations before them have done.

Yours sincerely,

Maggie Geary
