I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

The potential for damage to the Unesco-recognized amenity - of inestimable value to humans, animals, and plantlife alike - is enormous and cannot be ignored, and I would ask you, for the sake of our children and grandchildren, not to allow the project to proceed.

Yours sincerely,

Anne Synnott
