Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

This submission was made at a time to minimise resistance or public debate. The biosphere of Dublin bay is potentially under threat.

Without a proper independent assessment of the potential impact this could have I am strongly against such action

Yours sincerely,

Jason Delaney
