Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay. The Bull Island has recently been given a UNESCO Biodiversity award. Imagine the damage that will be caused to the Island when all that waste starts coming back in with the tide especially when it is stormy. It is crucial that this area is protected from the potential harm which will be caused by the dumping of 9.7 million tonnes of dredge waste.

Yours sincerely,

Janice Conboy
