To: Wexford Receptionist; Licensing Staff
Subject: Dublin Port Company's dredging license

To whom it concerns

Ref – S0024-01

We at Dublin Bay Watch are very concerned at the current application by the Dublin Port Company to dredge the shipping channel and dump the spoil out at the Burford Bank. We are aware and have read the many submission objections to this application. Dublin Bay Watch is also adding our objection to this application. As Dublin Bay has been recently designated an UNESCO Biosphere it would be crazy to dump all this spoil into Dublin Bay, because over time it would be all washed back into the Bay area and eventually destroy this fantastic amenity that most of the rest of Europe would give their eye teeth for, so we are asking the EPA to reject this application.

Joe Nolan
Dublin Bay Watch
