Subject: Application No. SOO24-01 by Dublin Port Company for Dumping At Sea permit

Dear Sir/ Madame

I refer to the above Application.

On behalf of Sutton Dinghy Club I wish to outline that our members are **opposed to the plan to dispose 10 million tonnes of dredge material by dumping it on the western side of the Burford Bank.**

Sutton Dinghy Club is a sailing club located on the northside of Dublin Bay and is concerned that this material will be washed back into the Bay and effect our sailing area and amenity.

In the recent experience with the Dublin Bay Submarine Pipeline project the area has been significantly damaged. Sutton Creek has been permanently re-routed along the line of the pipeline. In addition the Clubs launching and mooring facilities have been adversely affected by the movement of sand following these works.

Yours truly
Jim Lambkin
Commodore
Sutton Dinghy Club
