I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

In particular I am concerned that the potential impact on the bay, the Blue Lagoon and Bull Island has not been properly assessed.

Also the timing of the notice seems to have been designed to minimise publicity and debate on the matter.

I have lived in the Clontarf/Raheny area for 50 years now and I expect proper guardianship of the environment from the EPA.

Yours sincerely,

Dave Bruen
