RE: EPA Letter of 14th August 2015 - license application
P0976-02, Senark Farm Limited, Annaghlongh,
Corcaghan, Co. Monaghan.

A Chara

I refer to the above, please see recommendations listed below:

- All licensed facilities depending on off-site disposal of organic fertilisers and their agents should take account of sensitive areas identified in the County Development Plan 2013 to 2019. The licensee should demonstrate that County Development Plan objectives and policies for protection of waters are integrated into site management, land bank selection and nutrient management planning (including phosphorus application rates). The proposed use of land banks by licensee and their agents in the catchment of water supply sources should seek approval in writing from the local authority.
- A fully traceable manure movement system for offsite movement of manures is provided by licensee.
- Soiled water facilities and management practices should be adequate to prevent any discharge of contaminated waters to any watercourse.

Le meas

Joan Ryan
