Submission.

Dear Sirs

I write to raise an objection to the development under the above reference.

Reason:

Currently there is excessive smell emanating from this facility, it is so strong as to contaminate cloths hanging outside to dry, windows can't be opened, and in the summer months the smell will actually wake you from sleep.

Currently this cannot be right, and any extension to this facility will further deteriorate our living environment.

Please DO NOT allow this to proceed. It's impacting on our health.

Thank You

Ray Nolan
