**To:** Licensing Staff  
**Subject:** Dublin Port Company Dumping at Sea Proposal

Applicant: Dublin Port company (Dublin Port) Dublin

EPA Ref: S0024 - 01

Applicant Date: 13/07/2015

Proposal: Dredging of sediment (industrial waste) from the River Liffey (Northwall Quays) and Dublin Bay (10m metre contour of Dublin Bay).

Disposal Site: At the entrance to Dublin Bay, to the west of Burford Bank.

To the Planning Authority of the Environmental Protection Agency,

I wish to object to the above proposal due to potential destructive interference to aquaculture, marine life and the recreation pursuits of citizens as outlined below:

1. The Bull Island was declared a UNESCO Biosphere reserve in 1981.
2. The Bay is used for recreation by sea scouts and sailing clubs north and south of the Liffey.
3. There is also potential impact of this city waste on the marine ecosystem and the Blue Flag status of Dollymount Beach.

Regards

Rose McCaul
