Subject: Further destruction of our Biosphere

Please don't allow the continued destruction of our wonderful amenity which is our UNESCO Biosphere Reserve in Dublin Bay.

The redevelopment in Alexandra Basin is one thing but allowing the waste material with questionable content to be dumped/ deposited into Burford Bank is utterly unacceptable. Do you really believe that this dumped waste will stay where it is being deposited. Please allow us maintain our biosphere - it can and could be redesignated. We are unique in having this UNESCO site in our city. Don't allow it to be removed . Keep our bay and our city clean and green. Angela O Doherty (resident in Clontarf)
