I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

I swim at Bull Island and Bull Wall regularly. The plan to poison our waters with this waste is abhorrent, gravely negligent and in a better world, criminal.

As a bird sanctuary, Bull Island is priceless. Our planet is under siege by humanity. Please do the right thing and stop this vile plan.

Yours sincerely,

Neill Fleming
